

An Introduction To The CTLA

17th October 1986 was the Incorporation date of our Association.

The Association was set up:

- To give the industry a strong united voice particularly with Govt. Departments and Industry
- To maintain a high and uniform standard in testing procedure.
- To afford protection to Members
- To accumulate and disseminate information to Members

There is a joining fee that covers the first year Membership and is as follows:

- Full - \$550 including GST
- Associate - \$325 including GST

There are two Membership options available:

- 'Full' – Shall be a person or organisation involved in Gas Cylinder Testing, shall have full voting rights, be eligible for election to the Committee and shall receive all information issued by the Association.
- 'Associate' – Shall be a person or organisation with an interest in Gas Cylinder Testing, shall NOT be eligible for election to the Committee nor have voting rights

Our annual AGM is held within the first 2 weeks of September and it is at this time that the following Membership Fees are set. Due to the current financial situation of the CTLA the following membership fees are valid for the 2022-23 period. Full Membership \$0 and Associate Membership \$10 – prices include GST.

Access to the Members section of the CTLA website is available to both Full and Associate Members. You will need to complete on-line and request to have access. Once confirmation that you are a financial Member your access will be approved by the Administrator. There is a forum board on the website for Members to use to discuss matters that may arise within any test station.

Newsletters are sent to all Members as and when news arises.
